## Queen Elizabeth II Day 4

Designed by [@sewing\\_the\\_seeds\\_of\\_love](#)

Flanked by one of her beloved corgis, the Queen starts her day happily exploring the palace as she completes her morning duties. There are people to greet, calls to make and perhaps she might even find time to teach her pup a trick.

After she's seen to all her business, it's time to party! Queen Elizabeth has her very own party hat, cake and balloon to get everyone in the mood for a celebration – and with 70 years on the throne, there's good reason to make it a memorable occasion.
