Pattern Notes

v-stitch = 1tr, ch1, 1tr

htr v-stitch = 1htr, ch1, 1htr

v-stitch corner group = (1tr, ch1, 1tr, ch3, 1tr, ch1, 1tr) in corner space.

fpdtr group = 1fpdtr round 1st tr of the v-stitch below from rnd *, ch1, 1fpdtr round 2nd tr of the v-stitch below from rnd *. (* will be a specific round number given in the pattern)

Front post – work the stitch indicated around the post of the stitch, from front to back, instead of in the top of the stitch.

Front post double treble crochet (fpdtr) - Yarn round hook 2 times. Insert the hook from the front of the stitch to the back of the stitch, to the front of the stitch around the post. Yarn round hook, pull loop back through the stitch, there are now 4 loops on the hook. Yarn round hook. Pull through two loops on hook, which gives 3 loops remaining. Yarn round hook. Pull through two loops on hook, which gives 2 loops remaining. Yarn round hook. Pull through two remaining loops.

When working the fpdtr stitches try not to pull your stitches too tight or you may find they pull your work too much into the centre causing a big dip along the sides of the square. You will find as you complete the later rounds of the square that your work will dip a little bit along the sides, this is ok and should be easily pulled straight again once blocked and sewn to the other squares in the blanket, giving the nice straight lines for the stain glass window effect.
