Fasten off the 1st circle and sew in the ends, do not fasten off the 2nd circle.

Cut 2x pieces of card in to 8cm circles, make a hole in the middle of one of the circles, fold the wire in half so it's 25cm in length and thread the wire through the hole.

Leave approximately 5cm of wire on the inner side of the circle and glue in place. Glue the other circle over the top of the glued wire, sandwiching the wire and securing it inside.

You will now crochet around both crochet circles with the card inside, making sure to thread the length of wire through the middle of the 1st crochet round.

Or you can leave out the wire and hang the finished decoration as normal.
