Designed by [@marlowandchestnut](https://www.instagram.com/marlowandchestnut)

Venture through the seasons with Hattie the Forest Girl! She loves getting lost in the magical, mystical woods and smelling the daisies as spring comes into bloom. She's even got an outfit to match. When autumn arrives, Hattie is just as happy. She spends the season with Toadie the toadstool, jumping in the fallen leaves and enjoying the wildlife that autumn brings with it.
