To make the mouth chain 15 with Yarn C and sew in-between the Bobbles of round 6 and 8.

Now all you need to do is sew all the other parts onto your granny square. See below some descriptions on how to do this and images for reference.

Using Yarn A

Eyes

Sew around the eye ball and separately at the base of the 'spine' only. This means that when the long neck or spine of the eye is not sewn in, it will pop out more, making a little 3D effect.

Arms

Sew these on either side of the Bobble Monster beginning at the top where its armpit would be. You can sew down as far as you like. I have decided to leave the bottoms of the arms (where its hands would be) unsewn, so they pop out a little.

Legs

you just need to sew this around the curve of the bottom of the last round of bobble stitches..

**You've now completed your
granny square!**
